(Dwarf Brownbud)

ALLAMANDA

Allamanda has trumpet-like yellow flowers on foliage that forms a bush/shrub. It blooms in spring and through the fall but prefers the long and hot days of summer to bloom.

Light

Full sun

Water

Moderate
drought
tolerance

Height

3' - 5'

(Angelonia Angustifolia)

ANGELONIA

Angelonia cycles in and out of color for most of the year. It is fairly low maintenance and is also a great butterfly attractant.

Light

Partial -
full sun

Water

Height

15" - 20"

ANGELONIA - BIG ALONA

• Big Snow

• Big Violet

ANGELONIA SERENITA

• Purple

• White

• Raspberry

(*Caladium x hortulanum*)

CALADIUM - FANCY LEAF

Great for landscapes and container plantings in full sun! Striking foliage contrasts with the flowers, making them a great option for mixed combinations or in-ground plantings. This plant is heat tolerant and likes to be somewhat dry. It has a low salt and wind tolerance and is susceptible to fungus.

• Aaron

• Freida Hemple

• White Queen

• Red Flash

• Carolyn Whorton

• Moonlight

CALADIUM - STRAP LEAF

• White Dynasty

• FL Sweetheart

Strap Leaf Caladiums tend to be shorter than Fancy Leaf varieties but boast more sun tolerant qualities.

• Red Ruffle

• White Wing

• Blushing Bride

(Canna x Generalix)

CANNA LILY

Great for landscapes and container plantings in full sun! Striking foliage contrasts with the flowers making them a great option for mixed combinations or in-ground plantings. This plant is heat tolerant and likes to be somewhat dry. It has a low salt and wind tolerance and is susceptible to fungus.

• Cannova Rose

• Cannova Red

• Cannova Yellow

• Cannasol Orange

• Cannasol Yellow

• Cannasol Red

• Cannasol Pink

(Solenostemon Scutellarioides)

COLEUS

Known for the many different varieties of colorful leaves. This is a fairly low maintenance plant except for pinching of the seed head which is critical to the growth of the plant.

• Merlot

• Inferno

Height

12" - 15"

• Gold Compacta

• Dipt in Wine

• Gays Delight

• Red Head

• Alabama

• Gold Edge

• Life Lime

• Oxblood

• Rustic Orange

• Defiance

(*Crossandra Infundibuliformis*)

CROSSANDRA

With dark green foliage it's salmon and orange colored flower spikes stand out like flames. This plant thrives best in partial sun with well drained and fertilized soil. It is tolerant of high heat and the humid Florida summers. It also works well in beds or containers.

(*Cuphea Hyssopifolia*)

CUPHEA

This drought tolerant ground cover blooms continuously all year long. Ideal for mixed containers or as a border plant. Height 12" - 18" max.

(Ipomoea Batatas)

IPOMOEA

• Blackie

• Marguerite

Ipomoea spreads well, grows 10 - 12" and is not cold hardy. It does prefer partial sun and is ideal for containers.

(Lantana Camara)

LANTANA

Lantana likes full sun and well drained soil. With excellent heat tolerance this makes for a good ground cover and is also a butterfly attractant. Height reaches 16" - 24".

• Cherry Sunrise

• Pink

• White

• New Gold

• Red

• Lemon Zest

• Lavender Trailing

(*Cageles Erecta*)

MARIGOLDS

This flower is tolerant to heat and has green foliage with bright colored blooms. It requires a moderate amount of water and it can live between 2-3 months. This plant grows between 10-12".

• Durango Orange

• Durango Bi-Color

• Durango Red

• Durango Yellow

• Taishan Orange

• Taishan Yellow
